- It is important to send us the photos in jpeg format.

# NB :

We want to work with photographers who share our passion for surfing and photography. In addition, Mosy photographers will have to be pedagogue/educational and patient.

You will have to understand the needs of the surfers and potentially advise them so that at the end of the session you have quality results that comply to the high expectations of both sides.

That's why we want to meet with all the photographers wishing to participate in the Mosy adventure ! :)
